CURRICULUM VITAE · 2026

SIMONE RUSSO.

FULL-STACK DEVELOPER

CONTACT

s.russo06@icloud.com
errusso.github.io
github.com/ErRusso

Italy · remote (EU timezone)

PROFILE

Full-stack developer with a security bias. I can take a feature from interface to API to schema, write the tests and ship it through CI. I have worked on an internal real-time dashboard for production devices and maintain public projects in TypeScript and C++. Currently studying Computer Science at UniMol; open to junior full-stack roles.

EXPERIENCE

Software development support

JUN–AUG 2024

Packly Prinigraf SRL

Campochiaro (CB), Italy · internal project, code not public

- Contributed to an internal real-time dashboard for production devices: Next.js/TypeScript UI, Fastify/Node REST API, JWT/cookie auth and SQLite.
- Worked on controller/sensor views, API-backed forms and Slack alerts; Vitest coverage ran in CI.

Design & build

OCT 2026

errusso.github.io

Next.js · TypeScript · static export

- Bilingual static portfolio with required checks and no server-side runtime.
- Custom cursor, scroll memory and a one-page CV generator, with reduced-motion and no-JS fallbacks.

Live Source

Creator & maintainer

OCT 2026

PipeDuck

MIT · v1.2.0

- C++20 PipeWire ducking daemon with event-driven libpulse state, smooth return fades and microphone triggering.
- GTK4 tray, DBusMenu integration tests and CI matrix; 29 test functions across 4 build jobs.

Repository Release

Open-source contributor

OCT 2026

napi-bindings/marmotta

Open source

- Upstream contributor on the Zig toolchain, cache isolation and build reliability.
- Documented the variable and added regression tests. +1115 / −44 across 15 files.

Marmotta

SKILLS

FRONTEND
TypeScript · React · Next.js · Tailwind CSS · semantic HTML

BACKEND
Node.js · Fastify · REST APIs · JWT/cookie auth · SQLite/PostgreSQL

TESTING & CI
Vitest · node:test · GitHub Actions · lint/build gates

SYSTEMS & TOOLING
C++20 · Zig · CMake · Linux · Git/GitHub · Docker

SECURITY
OWASP Top 10 · secure code review · threat modeling

EDUCATION

2025–PRESENT
BSc Computer Science
Università degli Studi del Molise (UniMol)
Currently enrolled.

2019/20–2024/25
Technical diploma, Computer Science
Istituto Tecnico G. Marconi, Campobasso
Five-year technical track.
